# Project Benefits

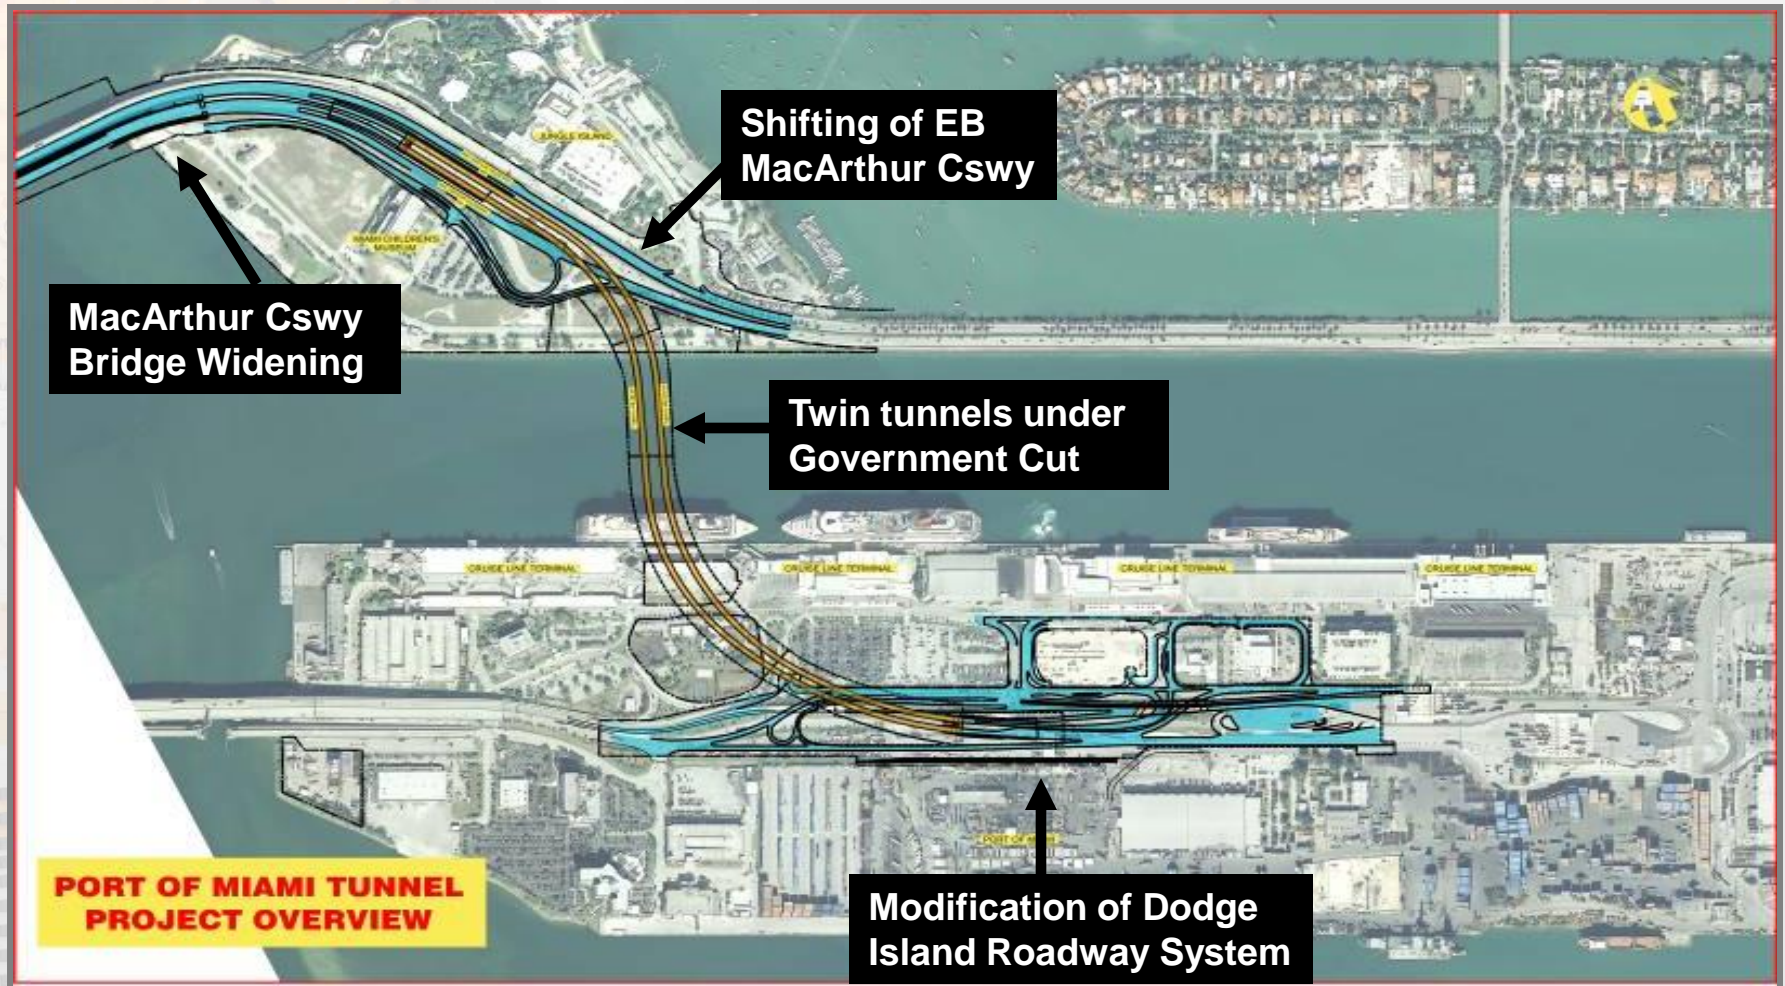

- Provide a direct connection between the Seaport, Airport and the Interstate Highway System
- Maintain PortMiami as the county's second leading economic generator
- Relieve congested downtown Miami streets of Port passenger and cargo traffic, improving safety as trucks also traverse areas of pedestrian activity.
- Facilitate ongoing and future development plans in and around downtown Miami

16,000 vehicles (nearly 7,000 trucks & buses) travel to and from the port daily. By 2030, estimated truck traffic will nearly double.

# Scope of Work

# MacArthur Causeway Bridge Widening & Watson Island

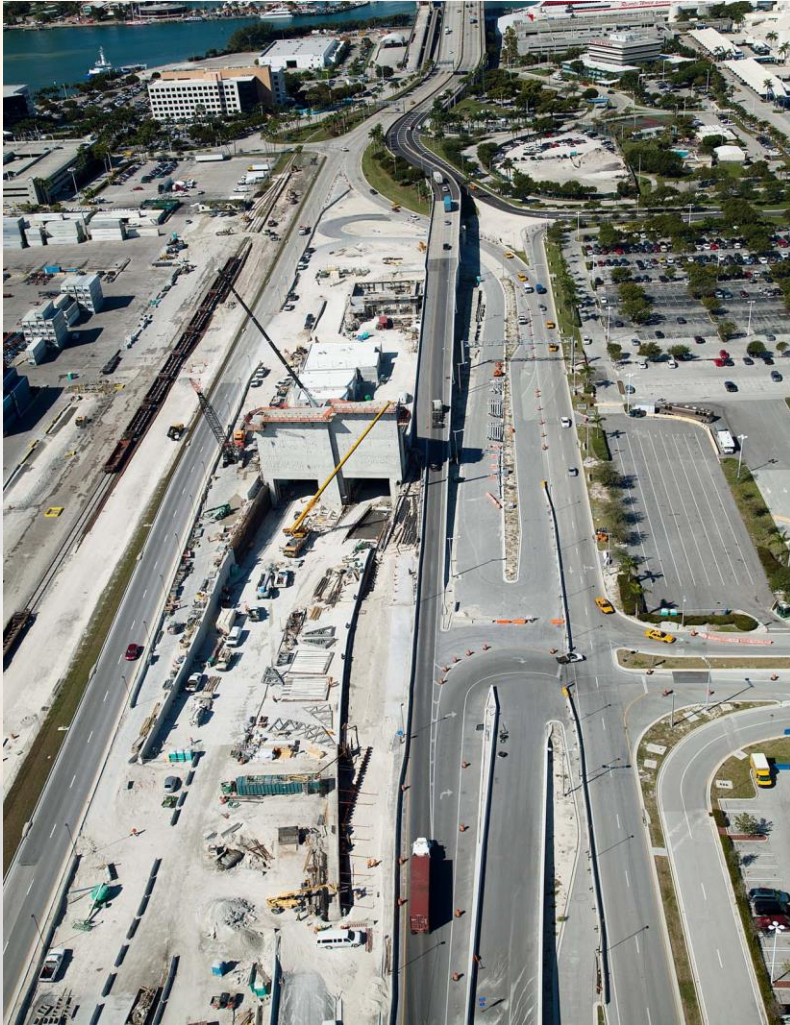

- 18 Piers and 28 beams are being added

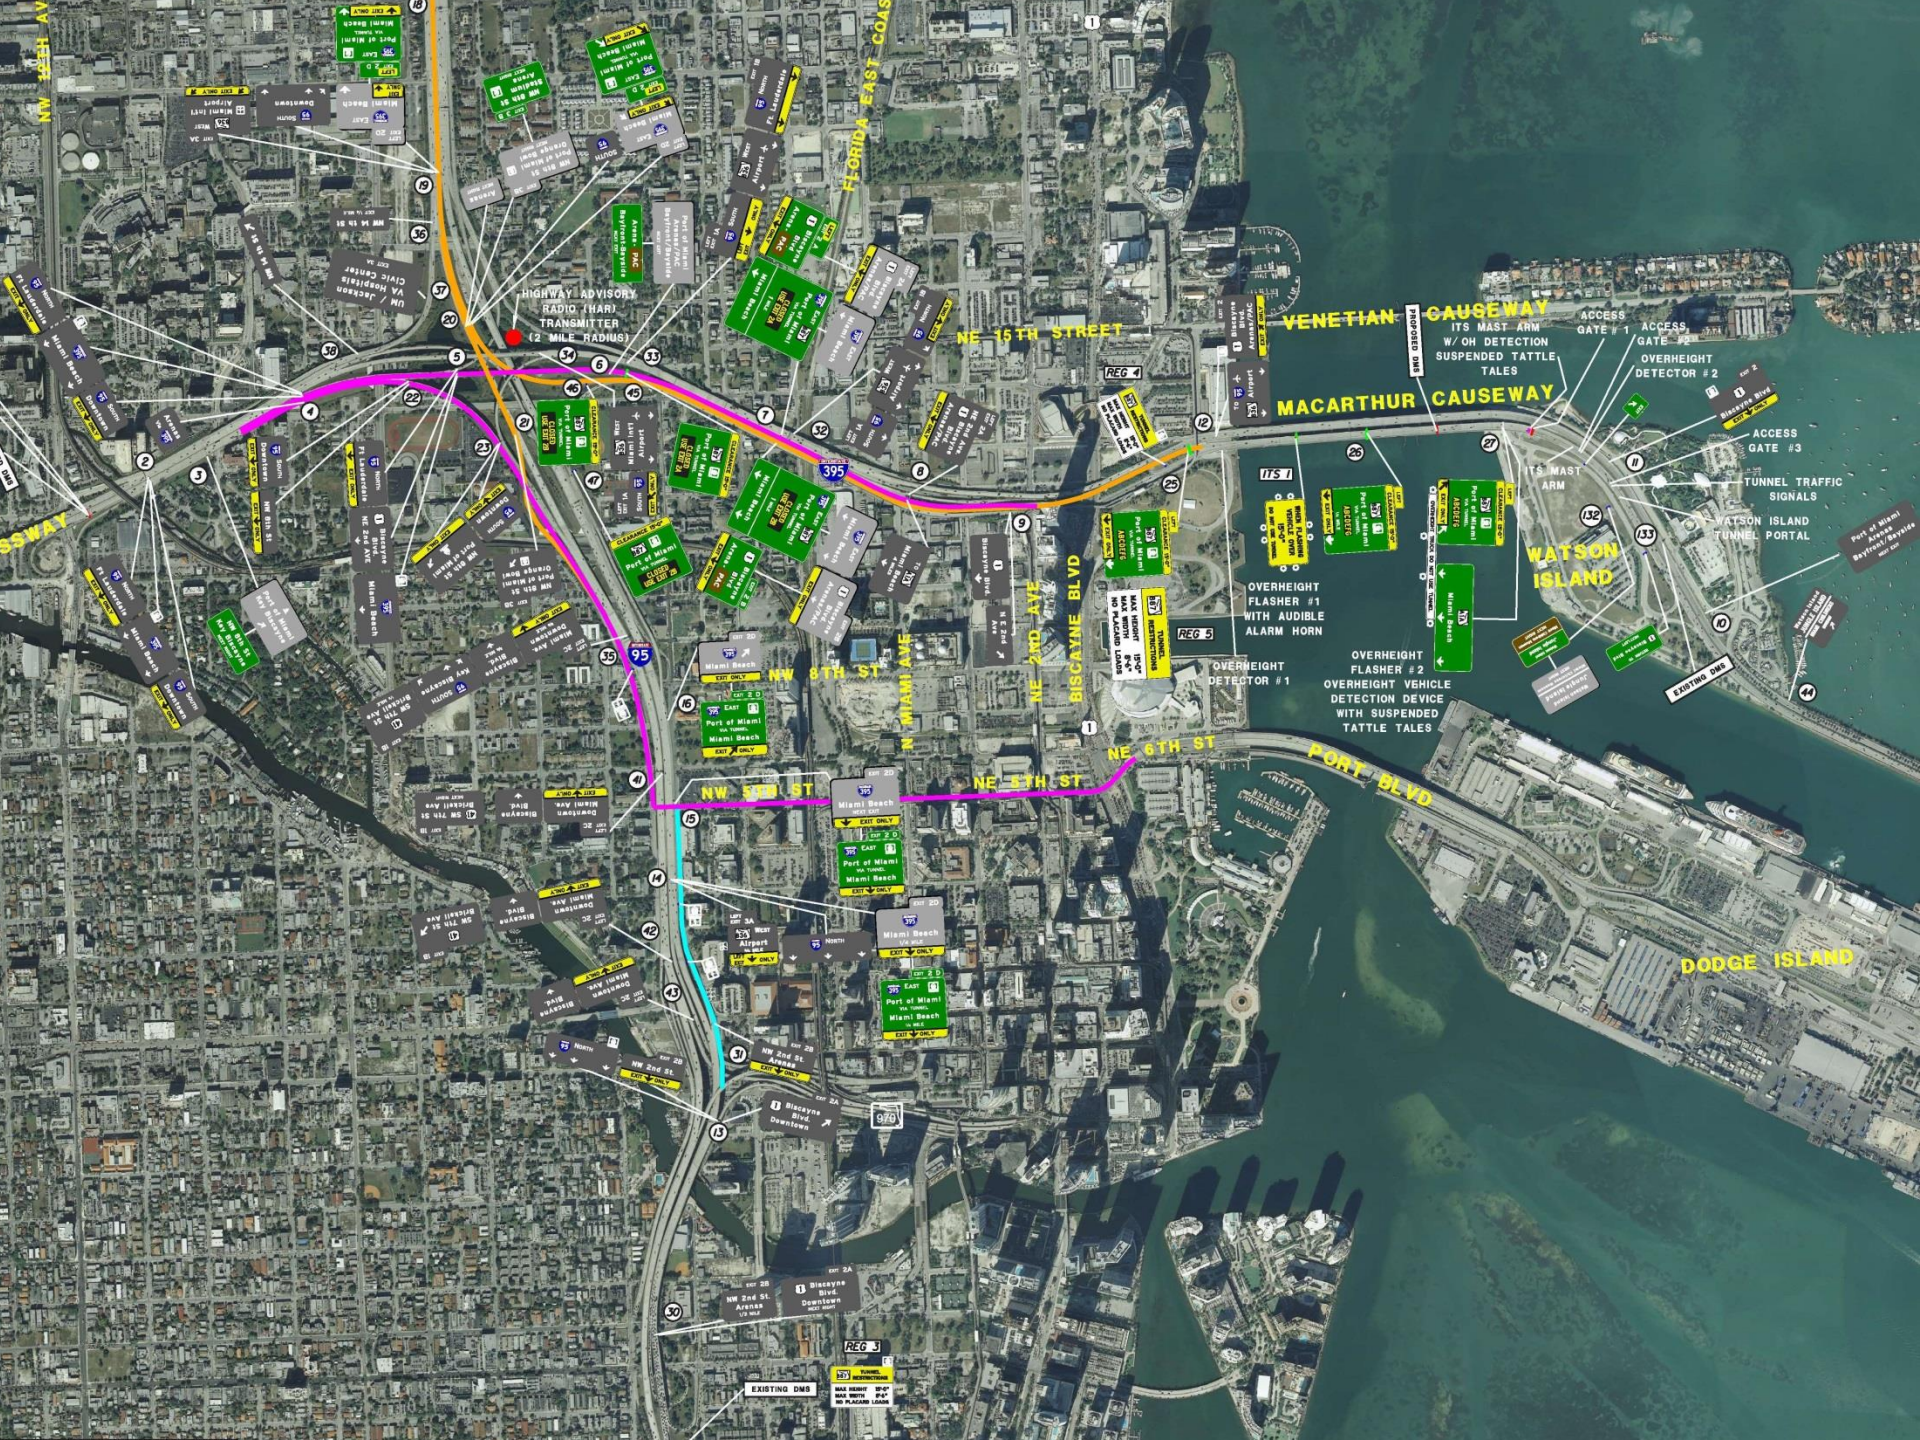

# Dodge Island Roadway Improvements

- Construction of Eastbound & Westbound Port Blvd.
- South Cruise Boulevard
- Internal Roadways
